SPEAK OUT!

You, too, can Speak Out! To join the discussion, call 935-7918 and leave a recorded message. You can leave your name or remain anonymous. Please spell out names. Not all messages will be printed and all will be edited. For circulation concerns and missed newspapers, call 935-2525. Remember, Speak Out! is a column of opinions.

YOU SAY TURN off the TV news? Then how are you going to know what is happening. If you have high blood pressure just see your good doctor and he will make sure you have good blood pressure and you won't have to turn off your TV.

WHAT GOOD IS IT to have new commissioners when all they do is sit on their tails?

THE RELIGIOUS RIGHT, which I consider to be the South, has tied the Republican Party. I was a Republican under Eisenhower, but they have hog-tied the Republican Party. The South has the worst record on human rights than any other part of the nation.

I THINK IT IS a pity and a shame that they force you to get these digital boxes and then half the time they don't work. Please, just leave the TV like it was.

NOW THEY SAY they won't pick up the trash unless you have it in a bag. The city should go back to distributing bags. I think that is absurd.

ONE OF THE Klansman in the article reached out to a state official for help in solving the murder of the one-armed black man. This proves that not all Klansmen were bad and that it probably wasn't the Klan that killed the man.

Editor's note: Not all Klansmen may have been bad, but all were seriously deluded. The killers of Ike Buffin were well known to authorities — though never identified in the newspapers — and were known to be members of the Klan.

HAPPY BIRTHDAY Leile Griffin.

THANK YOU, BEN Grant. You finally set that governor of Texas straight the dumb bunny
