

WANTS MURDERERS OF NEGRO CAPTURED

(By The Associated Press.)

MARSHALL, Texas, July 19.—Before relinquishing the executive chair to Governor Neff, who returned yesterday from his trip to Panama, acting governor Davidson sent a telegram to Ranger Captain Nichols, stationed here, asking the officer to give all possible aid in the apprehension of the parties who killed Ike Buffin a negro farmer, near Wask, Saturday night, it became known today. Buffin is reported to have been shot to death by a party of white men who called him from his home.
